Reel Standard Specs

- Reel Capacity up to 120"
(Multi Reel Configurations available)
- Power up/down w/12V Hydraulic Pump
- std flow divider w/even flow to both cylinders, (2) button remote w/15' cord in lockable enclosure.
- Spring loaded pins
- LED lighting w/sealed wiring harness

Reel with Inner Drum Steel Reel Built to Customer's Spec

- Hydraulic Pay Out/Take Up Assembly - Direct connection to reel bar, 2,100 lbs of line pull on 24" diameter drum
- Closed Center Two Lever Hydraulic Valve - Locks reel in center position. Used for loading/unloading, take up/pay out of reel infinitely adjustable flow control for precise control of reel's RPMs
- 13HP hydraulic power pack - Honda GX 390 w/electric start 8 GPM continuous @ 2,250 psi 20 gallon hydraulic reservoir

FT-8 R
84769-MRR

Reel with Hydraulic Pay Out/Take Up Assembly Rim Drive Built to Customer's Spec

- Hydraulic Pay Out/ Take Up Assembly Rim Drive - Will drive reels from 20" up to 120" dia. drive wheel engagement is accomplished with a hydraulic cylinder. Various reel widths capable.
- 8 HP Hydraulic Power Pack - Honda GX 240 w/electric start 3 GPM @ 3,000 psi, 15 gallon hydraulic reservoir
- (3) Lever Hydraulic Valve - engagement of the hydraulic pay out assembly, drive wheel and loading all from one convenient location. Infinitely adjustable flow control for precise control of reel's RPMs
- 16" Tensioning Brake - air cooled ventilated bronze disc infinitely adjustable brake caliper

The **FELLING** Style

Quality - Craftsmanship - Pride

FELLING Trailers is a family owned and operated Full Line Trailer Manufacturer located in Central Minnesota. Started in 1974 by Merle J. and Kathy Felling, Felling's daughters Brenda Jennissen and Bonnie Radjenovich now own and operate the company with their spouses Patrick Jennissen and Paul Radjenovich. **FELLING** Trailers, Inc. has grown from a small shop to a factory and office complex that today covers over 260,000 square feet. **FELLING** Trailers currently manufactures over 5,000 trailers a year ranging from a 3,000 lb utility trailer to a 120,000 lb hydraulic gooseneck trailer, and its standard trailer line includes over 240 models. Felling's pride and differentiation is its customized trailer division. Its engineers utilize the latest Industry-leading design techniques, and its experienced metal craftsmen use cutting-edge technology to turn its customers' conceptual trailer needs into a tangible product. **FELLING** Trailers continually researches and implements new technologies to reduce lead-time and increase production in the manufacturing plant. Felling has been providing innovative trailer solutions to the transportation industry for over 40 years. With over 100 years combined industry sales experience, we have the answers to your specialized trailer needs. **FELLING** Trailers' current capabilities allow them to provide a high-quality product that is distributed across North America and internationally. **FELLING** Trailers, Inc. is an ISO 9001:2015 Certified Company.
